

Serving Southeast Saskatchewan since 1994

NOW INTRODUCING...

## The Family Intervention

### Rapid Support Team Program (FIRST)

-A program designed to support prevention and early intervention initiatives-

*Exploring your options and supporting your decisions.*

Identifying families who display risk factors for violence, and intervening early using a relentless and non-traditional counselling approach.

- Increasing families who engage with supports for those at risk for violence
- Lowering families risk factors and risk level for violence
- Increasing developed and implemented safety plans
- Lowering the likelihood of continued violence
