

Envision in Estevan receives a Pair of Generous Donations

Discover Estevan.com

Community groups heavily depend on public support to keep their operations running, and that's no different with Envision Counselling & Support Centre in Estevan.

Over the weekend, the organization benefited greatly from the generosity from the community.

Envision received around \$2,000 from the proceeds of their inaugural Garage Sale 4 Shelter on Saturday, along with a \$1,000 donation from RBC and their 'Day Of Service' grant.

"I just want to express how thankful we are to not only be the recipients of the donations but to take part in such great events," explains Renee Borhot with Envision in Estevan.

The Garage Sale 4 Shelter is put on in conjunction with Royal LePage Dream Realty with Envision groups across Canada, but it was the first year that the event made it's way to Estevan.

"All the proceeds came from the public, and we also had raffle items that were donated from businesses in town," adds Borhot. "The majority of the funds came from auctioning off those items."

Staff with RBC have been donating their time and money towards ten community groups over the past few months. Envision was one of those groups that received some help.

"They volunteered their time by coming down to our office and cleaned our car seats and toys which we provide for the Family Support program," says Borhot. "And then they gave us a cheque for \$1,000 which we are very appreciative for."

Envision always welcomes volunteers or donations at their office on 7th Street.

The next event for the organization is their Annual General Meeting being held on June 16th.
